

TEACHER TO TEACHER RESOURCE: INQUIRY

1. Students choose topics of study as a result of their own experiences and discussions with others.
2. Teachers facilitate the inquiry by asking probing questions, providing materials, and structuring class time.

Example Inquiry Topics:

- Aspects of student's home country
- How something grows
- Physical properties such as light and shadow
- Historical event
- Social issue
- Community issue
- Life cycle of a living organism
- Hobbies
